

BCBA

Puddingstone Place is creating a nationwide network of centers to bring innovative language and behavioral therapy from Boston Children's Hospital to families everywhere. The mission is to enhance communication, behavior, and improve the overall quality of life for individuals with ASD and other Developmental Disabilities. Our innovative, evidence-based instruction incorporates cutting edge technology and customized treatment plans for each learner. We provide support carryover of skills to the home, school and community settings. In addition, we are committed to contributing to research on best practices.

Puddingstone Place is a private treatment center, serving individuals with autism and other disabilities. Our energetic and highly qualified staff provides speech and language diagnosis and treatment, occupational therapy, and behavior support services to individuals. Our unique therapeutic approach, developed by Boston Children's Hospital, emphasizes use of visual supports and cutting-edge technology to deliver innovative instruction and exceptional outcomes. Puddingstone Place has an exclusive license with Boston Children's Hospital to deliver this unique program. Opportunity for advancement.

Compensation: Commensurate with experience

We are seeking highly qualified individuals who enjoy working with children and adults with special needs. The ideal candidate will be reliable, punctual, and eager to learn. They will possess excellent clinical knowledge and skills, have experience with managing multiple tasks, have strong organizational skills, and present with effective interpersonal and communication skills. The behavior analyst will practice in an effective, efficient, ethical, and socially valid manner, and will treat the safety of clients and others involved in each case as a top priority.

The BCBA will be responsible for:

- Assess client skills and behaviors.
- Develop and monitor behavior support plans and individualized treatment plans that include collecting data for each goal/objective and graph to determine effectiveness of interventions.
- Supervise and train Board Certified Assistant Behavior Analysts and Behavior Therapists using positive techniques to teach others and provide meaningful feedback.
- Provide parent training in behavioral interventions and the basics of Applied Behavior Analysis in order to transfer skills to family members.
- Update plans, schedules, and session notes in a timely manner according to agency policies.

To qualify, you must have:

- Master's Degree or PhD in Applied Behavior Analysis, Special Ed., Psychology, or related field
- Current BCBA Certification
- Licensed Applied Behavior Analyst (LABA) in Massachusetts
- Experience in applied settings developing and implementing behavioral interventions and teaching programs
- Knowledge and experience with Applied Verbal Behavior a plus.

Puddingstone Place is an Equal Opportunity / Affirmative Action Employer. Qualified applicants will receive consideration for employment without regard to their race, color, religion, national origin, sex, sexual orientation, gender identity, protected veteran status or disability.

Please contact the Talent Acquisition Team at Puddingstone Place by sending a cover letter, your resume, and two redacted writing samples: an instructional ABA program and a Functional Behavior Assessment or treatment plan.
